

## **Accredited Immigration Consultant Diploma Program**

Herzing College Toronto is proud to announce that on December 16, 2011 their Immigration Consultant diploma program was accredited by the Immigration Consultants of Canada Regulatory Council (ICCRC).

Graduates of the accredited Immigration Consultant program will be eligible to apply to write the Immigration Consultant Licensing Examination through ICCRC that must be completed to qualify as a Regulated Immigration Consultant in Canada.

“We are very proud of being the only college in Ontario to offer a full time accredited diploma program that leads to becoming a Regulated Immigration Consultant. As immigrating to Canada becomes more complex it is essential that people wanting to work in immigration receive formal training to provide them with the credentials and skills necessary to work in this exciting field,” says George Hood, President of Herzing College Toronto.

The six month diploma program includes an internship of 160 hours which is a graduation requirement. Classes are conveniently available during the day or evening. Students who qualify may be eligible for financial assistance.

The Immigration Consultant diploma program provides both theory and practical skills. Graduates will work in law firms, government offices, immigration firms and many will choose to become self-employed.

As well as the Immigration Consultant program accreditation, Herzing College Toronto holds institutional accreditation granted by the Canadian Education and Training Accreditation Commission (CETAC) as further assurance of quality and standards.

Herzing College offers:

- Flexible student schedules including morning, afternoon or evening classes
- Program related internship to gain practical work experience
- Career Services Department to assist in your search for both the internship and full time employment opportunities
- Computer for every student including internet access for research
- Instructors with industry experience and small class sizes
