

## CICIC Adds CETAC Designation

Visitors to the website of the Canadian Information Centre for International Credentials (CICIC) can now see if the private career college they are seeking information on is accredited by CETAC. The full list of CETAC accredited colleges can be found on the CICIC directory at <http://www.cicic.ca/664/directory-of-universities-colleges-and-schools-in-canada.canada>. The CETAC link at the bottom of this web page provides a list of CETAC colleges. On the same web page, visitors to the CICIC site can search for any educational institution. If the institution is accredited by CETAC, CETAC is indicated in the institution's information on the CICIC site. To try this, follow the three step instructions on the CICIC webpage. When you click on the "CETAC" button on the college information pages, you will link to the CETAC website.
