

CETAC Requests Access to *Imagine Education au/in Canada* Brand

To provide further services and benefits to CETAC accredited colleges, CETAC has formally requested access to the *Imagine Education au/in Canada* Brand, thus facilitating access to the Brand by colleges accredited by CETAC. A Federal/ Provincial / Territorial Committee is now considering the request, in light of the new CETAC standards and processes which were launched in April. Access to this Brand would enable CETAC accredited colleges to participate with public post-secondary institutions in promotional activities targeted to international students.
